Cllr Preben Friis-Hauge, Chair of the NSC Transport group, informed that the Transport group is planning a joint meeting with the Energy and Climate Change group in February 2019 to collect input to the new North Sea Commission strategy. Joint group meetings are important for the work of and encouraged in the NSC. Since arranging a joint meeting usually will require more resources from the host region, Cllr Friis-Hauge underlines that it is of importance that the NSC budget can support such meetings.

Cllr Jon-Olav Strand, raised the issue of long-term funding of the secretariat. The current host region, Region Västra Götaland, pays for most of the costs of the secretariat, but this might not be possible in the future. Membership fees should be adapted to the ambition of the NSC. Cllr Strand expressed that the ExCom should address this issue on adjusting the membership fees in order to cover the full cost of the secretariat.
